Bob Thomas and The Thomcats
are all about pizzazz, rhythm and harmony.

Their repertoire swings along to very best of New Orleans and Trad Jazz through to contemporary favourites. Their numbers include masterpieces by great composers and performers such as Louis Armstrong, King Oliver, Jelly Roll Morton, Count Basie and Duke Ellington – plus compositions by George and Ira Gershwin, Cole Porter, Jerome Kern, Hoagy Carmichael and Antonio Carlos Jobim.

Over the years, Bob has played with numerous bands and rubbed shoulders with the likes of Acker Bilk and Terry Lightfoot. He launched **The Thomcats** in Hertfordshire in 2000 since when they have entertained thousands with their 'Happy Jazz'.
